

## Coronavirus Pandemic: NBCDI Resources and Recommendations

*The National Black Child Development Institute is committed to ensuring that parents, caregivers, educators, child care programs and advocates have access to the resources they need to support families and children during the coronavirus (COVID-19) pandemic. Child care is important for children's education and a vital resource for many of our health care workers and emergency responders who are actively assisting our friends, families and neighbors. NBCDI compiled the resources below to help educators and advocates, recognizing the challenges many are facing as we strive to serve families and children during a difficult time.*

### NBCDI Recommended Resources at the National Level Health

#### Health
